

Comment Verbatim
small town feel
Open space
Open Space
Open Space
Rural atmosphere and sustaining what wildlife we have remaining.
Small Community
TONS of open space
small town feel
I value the amount of public land near our valley.
Small town with friendly people
small town
Open country around/between towns
No urban sprawl or strip malls between Victor and Driggs. There is a very important country feel when you drive between Victor and Driggs. I hope we don't have a gas station, mini mart, theater or bowling alley built between these towns. Keep the businesses in the towns.
Conservative, Managed growth
being in the west
Small town feel/friendly community
Small Town Feeling
Slow Food in the Tetons
Local organic farms and small businesses
Open space, views, small town feel, and access to mountains
Quiet, slower paced
lots of public land
Ranching and Agricultural ethic
views
I value the small population of this valley.
Small town feel
Photographic opportunities
small town feel
Organic farms
Rural Lifestyle
healthy lifestyle
Caring community
Friendly fun loving outdoor people
Friendly energetic people
community
Community
Music Opportunities in valley
A vital, bikeable/walkable downtown with healthy businesses and attractions like art walks, music on main, restaurants, 4th of July, etc.
Great People
Great schools
Active community/citizen participation in local government
Indoor Recreation
quality education

That I can leave my house and car unlocked- safety
Community
Sense of community driven from well designed neighborhoods, community gathering places, and valley
Great communities, social connections.
Safe Community
Community
I value the large amount of community activities that take place in this valley.
A community full of outdoor minded folks that are willing to share there favorite spots with others (maybe not all their secret stashes).
Great physical community. Attractive, comfortable & safe streets, parks, public spaces & public facilities
Quality public education
Increasing number of unique community activities/events/culture, etc.
Schools
Talented and adventurous citizens
Quality education for our kids so that Teton Valley can remain an enticing place to live
active, vibrant people
Knowing my neighbors
Decent schools and hospital
I wish we had a community pool! learning to swim is such an important life skillj!
I value the sense of community in this valley.
Health, fitness and well being year round (i.e. indoor rec opportunities that are not just skiing-centric)
Opportunities to see live music.
Having a quality local hospital.
Music On Main
The quality and quantity of live music we have here.
Community events
Mixture of cultures and lifestyles
I value the active non-profits in the valley, especially the ones which provide services that I use (groomed ski trails, music on main, arts council).
Music on Main, etc
The people of our valley!!!
Laid back people. It's cool if you wear the same sweatshirt 5 days in a row!
Targhee Events
The diversity in our community. People from everywhere in the country and the true locals.
I value the lack of nationwide chain stores in our valley.
Vibrant downtown
Local food, such as HD Dunn and 460, and the businesses that support locavore eating habits...gotta love Forage!
vibrant downtown
Decent, not too expensive dining options
People are working towards a more sustainable Teton Valley
Reasonable cost of living
Smart urban planning
economic viability
All the cool restaurants and stores in Victor and Driggs except for the Dollar Store.
I value the airport.
I value the fact that we don't have any fast food joints in or town except for Burger King. I hope no more of those unhealthy outfits are established in our valley.

Grand Targhee
Originality
I value the low taxes in this valley.
Clean Air, Water & Healthy Ecosystems.
Close access to outdoor recreation
Variety of outdoor activities in all seasons
live in nature; access to nature
Recreational opportunities
Open skies
access to recreation
Outdoor Recreation Opportunities
Mountain Living-skiing, biking , and hiking
location/resources and recreation at our finger tips
Access to wilderness and human powered recreation
Outdoor recreation opportunities (hiking, biking, skiing, etc)
The quiet.
Summer
Healthy place to live for people of all ages.
Outdoor recreation
access to wild places and open spaces
Views/fresh air
Natural Beauty
outdoor recreation
Sunsets
Recreational Opportunities
SKIING POW POW!
Trails
Clean water and air.
The views
Mountain playground access
I value the accessibility of outdoor recreation from our valley.
The ever improving mountain bike trails
Bike paths
USFS
Great people that are conservation minded and very giving of themselves.
Beautiful views and landscapes
The wildlife
Clean air and water
Environmentally Clean
The pathway between Driggs and Victor is awesome. hopefully there is a safer route to bike into Driggs. I wish we had more bike trails for families to travel on to get to the bike path. For example: A bike path along 5000 at Fox creek to get to the pathway. it is kind of sketchy because folks drive way to fast and towing a munchkin in a chariot is a bit nervy.
Priority to preserve natural resources
Grand Teton National Park is close from this side
The Mountains
Maintaining scenic corridors.

Healthy forests
bike-ability
Great snow/skiing
Access to Teton river and trails
I value the wildlife in this valley.
Uncrowded hiking trails.
Wildlife
The Trails
The quality of the skiing. On mountain and backcountry.
Recreation trails
Cycling trails and pathways
The Teton River!
Wildlife
Protection of our ecosystem/wildlife to encourage tourism (i.e. a healthy Teton Creek, decreased water usage, recycling programs, wildlife corridors, etc)
The comfortable summer weather
The quality of the biking/hiking trail systems
Nordic Ski Trails and Mountain Bike Trails
Other Recreation
Backcountry adventures
The Snow (
Access to world class fishing
Diversity of birds
Close to Yellowstone and Grand Teton National Parks.
The wildlife
beauty
wetlands
Fresh air.
The quality of the native cutthroat fishing.
Teton River
Quiet, dark night skies.
Relaxed rules
Clean water for irrigation
Open Spaces
Quiet
Locally produced products
Large tracts of open space
Local agriculture
Night Skies
Generational connection to land
Preserve homesteaders' remaining evidence
Maintenance of farming
Family farm environment and culture
Rural space
Nature/being able to go into the wilderness alone and without noise. But with a chance to be with nature.
Well thought-out growth patterns
Rural views

Where the landowners have more say about their property
Keep our property cleanded up so it is attractive to those visiting our county
Rural views
Farmland
Open Spaces
Limited agriculture products
Local food sources
Listen to land owners, farmers and ranchers
Little traffic noise
Small rural valley
Access to open space
Access to open spaces
Small town, rural community and related values
Quiet neighborhoods
Open Spaces
Rural Character
Scenic Views
Night Skies
Agricultural Heritage
Privacy
Open Space
Local food production
Family Farms
Cultural Heritage
Quiet/Peaceful/Slow
Being a scenic corridor
Rural Character and Way of Life: keep open space through sustaining agriculture and/or purchase of land through land trust
Agricultural Environment, not urban or suburban
County/rural atmosphere with open spaces, wildlife, good natural environment, good access
Sustain scenic resources
Sustainable agriculture- viable farms, esp. familyand small farms
Open space
No "no trespassing" signs in the valley- free acces to land- no more
It is my opinion that our values should be to maintain the agricultural atmosphere in the County, with the freedom to farm
If the public wants "open space" buy it, don't expect farmers to provide it
The continued growth of regulations has an effect on the already marginal profits of farming
open space/rural feeling
The Views
scenery
open space
landscape: open space, views, habitat, wildlife (especially the fall Sandhill migration)
open spaces
Small Town Community and Feel
Community/Small town feel
Small town atmosphere.

The valley views and the feeling of openness, the attempt to STOP sprawl
The beauty of place
The views of all the mountains.
Scenery
near and distant views
Peacefulness
open space
The abundance of open space, leaving us with enough room to responsibly develop.
open space,,uncrowded
Rural character is the third most cited value in a survey, behind only outdoor recreation and schools. To non-farmers and -ranchers, this can be taken to mean the open-space environment with limited non-farm buildings and homes.
Natural beauty
open spaces
small community: rural character, agriculture
open space/views
Open Space
Open spaces
good soil and irrigation for farming
Views of Teton, Snake, and Big Hole Mountains
Beauty
Views
I value the open spaces.
Scenery
I value the relaxed pace of our valley.
Agriculture Heritage, which scored well in the survey, can be taken to mean the residual farms and ranches still being worked by long time and new residents
agricultural/rural heritage & family farms
Lack of people
Low noise level.
Views
Quiet
Rural, agricultural character of Valley outside city limits.
casual lifestyle
Teton County Ag consists of production agriculture by full-time farmers and part-time farmers who have another job, of specialty farmers raising other than the major cash crops, and youth of long time farm families who may garden or hobby-farm on portions of family land
Maintaining scenic corridors.
scenic values
Scenic views
Maintain rural atmosphere
Small Community Feel
small town feel
Rural character can be preserved only by the maintenance of operating farms and ranches of many sizes and purposes, and by limiting the encroachment of non-Ag development.
The relaxed pace of life
culture preservation

views
Views
Open space for wildlife / opportunity for wildlife viewing
Small town.
The preservation of Teton County Ag depends partly upon County policies that help farmers and ranchers operate efficiently and profitably.
Open Spaces
small town feel
protected land and open space
Small Population
quiet
Dark Skies
amazing mountain views
I value the beauty of our valley.
Agricultural Heritage can be enhanced by preserving historic homesteads and lands and remains of the early farms and ranches, and by making the passing on of family land to descendents as easy and inexpensive as possible.
Quiet, mellow towns
Building lots with acreage & privacy outside of town.
darkness (although the light pollution is getting bad in places)
Small town, rural feel
Non traditional agriculture and niche crops should be encouraged by County practices or regulations.
Country-like feel of the valley
agriculture/ preserving history yet moving forward
open space
Starry night skies
small towns
HOA's (I hate all the junky crap around, 5500 comes to mind, but that is just me)
Quiet, dark night skies.
Views of the mountains
Farming & Ranching
farms
The view
Avoidance of "urban sprawl"
Heritage: remember those who have come before and their contribution
Peaceful Environment: continue to make Teton Valley a peacefull place to live
Maintain agricultural status
Home town "comfort" feel. The sense of "small town" in our area.
Beautiy
Quiet
Beautiful valley
Farm/Ranch/Agriculture- very long traditions- neighbor helping neighbor
Mountain views
Valley history
County and city government must be more user friendly, open and accountable
Good government
Too much regulation
Honesty and integrity in the elected officials who listen to the people instead of pursuing their own agenda

An excellent school system
Diverse community
Arts and culture resources and opportunities
Good schools and opportunities for kids mental and physical growth
Communities with a sense of place, a sense of pride in who they are and where they are going
Build and retain winter facilities we have
Excellent schools
Religious belief
Education
Family and friends
Non-profits
Safe place for my kids to grow up
Leisure time
Intimacy of a small community
Strength of community- friends and neighbors
Community activities, interaction and connection
Progressive education system
Family activities
Health
Functional, efficient reliable EMS
Youth sports/recreation
Low Crime
Education, superior
Health care access
Safe neighborhood
Excellent schools
Excellent education
Schools
Balance between preserving tradition and embracing change
Supportive, caring community
Family-oriented
Quality health care
Dogs that do not run free- do not chase wildlife or livestock
Dog owners who respect the rights of surrounding neighbors
Winter sports program in our elementary schools
Quality fairground and indoor riding arena
Events that offer opportunities to a wide variety of people
Quality health care
Superior quality educational system
Family activities to take advantage of the great diversity in our valley
Emergency health care
Schools
Community
Activities for Kids
Law Enforcement
Community Events
Entertainment

Activities for Seniors
Recreation Center
Better healthcare and emergency medical care
A Pool
K-12 Education options
A community college or other education facility
Recycling
Entertainment Options
Law Enforcement
Cultural diversity
Events
Outdoor summer camps
Quality Education
Good schools
Community adhesion
Honest sheriffs
Sense of community
Good schools
Low Crime
Events to promote tourism i.e. Music on Main (awesome), Balloon fest etc.
Animal shelter
Variety of lifestyles
Community Focused: need to care and take care of people in our communities and animals too; foster events that bring community together
Important to feel and speak with one voice, not as antagonistic camps
Teach tolerance- encourage cultural diversity- get RID of "us vs. them" mentality
Encourage community tolerance and widened participation
Friendly
Tight-knit community
Want to work to make the community better
Life-work balance but hard working at both
My friend/colleague group wants to continue to modernize- both in technology and culture- I know this may not be the case for all community members
Values health and well being
Social structure of our valley events
I value the sense of community; knowing and caring about each other and about our shared values.
I value the social climate of our valley.
small town--know your neighbors and merchants
community
the sense of community that the majority of people have toward the valley
Good Schools
Sustainable Community Growth
friendly caring community
Great people that are conservation minded and very giving of themselves.
good schools
friendly people
Sense of community

sense of community
community events like music on main
The tremendous good works that the non profits have done to improve and correct the past mistakes
The community.
I value the live music events.
I value our school system and wish that it was better
Community Services/Education, Services, Pathways
a community that works together
The friendly people
friendly vibe amongst residents
diverse activities
unique activities, like the spud, targhee, balloons
diverse community
The efforts put forth to improve the schools and offer quality education for our future leaders, upgrading of teachers
Hard working people trying to make a go of things
friendly people
Friendly
I value the non-profits working to improve human services in the Valley.
tight knit feel of the community
Recreation Center (now the hockey arena)
Well-behaved dogs off-leash
cultural activities
Upgrade educational standards
sense of community
I value the individuals who are willing to donate time, talent, and money to help the Valley thrive.
THE SPUD
I value the family friendly nature of our valley.
local medical clinic & hospital
The presence of help for people in crisis and ongoing support for them
Community if there were more transparency (I don't know what is going on half the time)
Having a quality local hospital.
like-minded people
The Music being brought to town via Targhee, Music on Main, Spud, Timberline and Knotty Pine.
The quality and quantity of live music we have here.
The many community functions that offer a GREAT mix for the majority
Some very nice folks to regard as friends.
My friends and neighbors.
Property tax is pretty low, but I would pay more if it meant better funding for schools.
Music on Main
Community Events and Fundraisers
Support/expand animal welfare and control
hockey
Non-profit festivals like Tin Cup
kid friendly
Enjoying the reason we moved to Idaho
Chance to leave the area and return.

Great mix of people with a real sense of small town community and cooperation to move Valley in the right direction.
Tony Lifford
I value the small-town "Cheers"-esque feeling of our valley ("where everybody knows your name").
Family: provide a community that supports and protects the family and family values
Diversity of people who are residents
Lost values
Good schools
Community coming together- less tension
Friendly
Good schools/roads/self-sustaining
I value a good library
I value the health benefits of regular swimming
I value the best possible care for stray and abandoned pets
Quality family life- a place for family to enjoy life and be proud of
Neighborliness- friendly caring and helpful citizens
Valley heritage: Community/sense of community
Enjoying the area physically and as a community
A sense of progress with a future- increased values in general
Independent/self-reliant folks
Friendliness
Community
Strong, diverse economy
Jobs
Sustainable, residential Growth
Increase employment opportunities
High quality jobs
Sustainable growth
Respect of citizens' rights
Democratic in decision making
Integrity
Diversified economies- there's safety from large crashes with a diversified economic base
Planned, deliberate community decision making
Keep employment at consistent level- no high, low seasons
Voice for existing businesses
Good signage
Fiber optics for everyone
Emphasis on local business- buy local
Economic sustainability - diversity
Liberty
Entrepreneurship
Leadership Integrity
Employment opportunities
Vibrant economy
Financial stability/sustainability- Having a job
Live and work in same community
Planning that attracts new people to move here

Affordable cost of Living
Economic Development
Shopping
Neighborhoods
Proximity to airports
Diversity of Housing Options
Jobs
Incentives for businesses to move here
Lower taxes
Focus on sustainability
Greater impact fees to offset capital improvement costs
Nearby, affordable shopping options
Manufacturing
Visitors
Large, nationally recognized, retail stores
Housing Options
Restaurants
Smart Growth
Local Businesses
Downtown Core
Thriving downtown
Need to have politicians who have best interest of valley at heart, not the interests of developers, etc.
Recognize that we have "circle of poverty" issues, poor education yields poor job results, poor earnings yield economic stress, domestic violence, suicide, theft, bad renters, and discourages educated and productive people from coming/staying here
Recognize that slow, steady development is much better than boom and bust development - don't be seduced by developers again
People with skills but little money must be able to build simple homes themselves, over longer periods of time, and develop "sweat equity." P&Z and building Dept. need to be more flexible for owner/builders- these people are productive and are our "core survivors" who remain when the boomers and fast-back folks move on.
Healthy small town economies controlled, planned growth
Retail and industrial development limited to appropriate locations
Control of sprawl i.e. don't allow unrestricted subdividing of ag land; concentrate growth in and near existing
Energy efficiency and localized production of renewable energy to meet local needs. Solar, wind, geothermal, run-of-the-river hydro etc.
It is important to maintain the ability of growth as individuals see fit depending on ability to pay their expenses
The planning objective should be to eliminate zoning restrictions, not create more
Private property rights vs. takings by planning agencies
Keeping business local (as much as possible)
The home we have here
That there isn't a lot of copy cat businesses, fast food, ex. McDonalds
job opportunities
Improving the city downtowns
a town core with services to create a small town feeling
Diverse steady economy that isn't just minimum wage or construction jobs.
Proximity to Jackson Hole

I value the close proximity of "conveniences" (think: Target and Walmart) without these conveniences actually being in our valley.
Efforts to cluster retail shops in downtown
development planned carefully not just whatever the contractor feels like doing at the moment
business oportunities that don't degrade scenic and natural values
The taxes are not too high.
I value having a range of shops, restaurants & workout facilities locally.
I value all of the great independent (and oftentimes quirky businesses like Pierre's, Darkhorse Books, The Wardrobe, Alpine Wines, The Knotty Pine, etc
Economic Growth
I value the amenities that our valley offers it's visitors.
local businesses (bookstore, markets, etc)
self-contained commerce (most things I need I can get here)
Lack of big box stores and overdevelopment
if we want a tourist industry lets make it a quality experience not a junk show.
The re-do of the comp plan to insure that rampant development STOPS and that we don't have to wonder "whats next" and where we are headed
Not a lot of people living in the valley
the varied food and retail establishments
Businesses like MD Nursery, Forage and Teton Thai Restaurant, Habitat and the Bread Basket for having the courage and product to open and succeed in this economy.
Development of Sustainable Resort Community
not over regulated
possibilities
Vibrant Cities
Mom and Pop businesses that make this valley attractive to tourist
Proximity to National Parks
Cluster development
good natural food store
Relative low cost to live versus other areas in the country (real estate, taxes, insurance & utility costs)
Starting to be more liberal.
I value the small stores (e.g., Dark Horse Books, Pendl's coffee shop, Alpine Wines, Wardrobe, Guchibird, Habitat) that make the commercial area unique.
low (ish?) cost of living
diverse economy -- many small businesses
Expanding the appeal of Tourism
The types of job creating businesses that arrive in our valley, please we don't need effort to bring more the type and deals for more its happening very well thank you
Improve job/business base
No Big Box Stores
functional infrastructure-good planning and administration
Sustainable Home Development
culturally vibrant downtown areas
Local Shops & Restaurants
Affordable housing in and near city centers.
small, locally owned businesses
resturants

People dedicated to making their small business successful
Retail, commercial and industrial spaces are primarily near city center.
Small Business Development
I value the variety of restaurants and bars our valley offers.
low cost of living
good restaurants
Sufficient centrum density to support excellent entertainment, cultural activities, and dining options
Environmentally self-sustainable design, planning and maintenance
Economic Dev. Dounity employee or subcontract out
2004-2010 orginal comp plan calls for county to undertake economic development- why hasn't it done it
Tourism begets business
Put together a packet for new businesses
Strong free market environment
Less government interference in regards to businesses
Responsible growth without anti-develompent sentiment
Open meetings
Honesty in gov.
Realism in buy increase
Less regulations
Honor property rights
Honesty in government
Every gov'n't org. needs to be accountable for themselves
Less reg and all regs need to be told to the new business
Low taxes
Lower taxes, less regulation
Great real estate on Rte. 33, modern up-to-date real estate, especially in Driggs. Who would rent these abandonded buildings?
Adequate jobs to support families
Enough businesses to provide jobs for those people who want to live here
Ethical and cooperative businesses that add value and provide services to the community
Family- education: making a living/comfortable
Economically viable future- can be done and include all
Property rights
Integrity
Repsect of individuals
Freedom (liberty)
Individuality
Self-reliance
Freedom from gov't intrusion into personal life and activities
Honest
Integrity
Stability (Economic)
Clean water for drinking
Clean water for recreation
Wildlife
Wetlands
Riparian habitat

Recreation
Hunting oportunities
Clean air, healthy trees
Largely unpolluted air
Access for recreation
Learn from communities
Nice trails (not often eroded in unwanted locations)
Ordinances reflect better planning
Observing wildlife
Extensive zoning preserving wildlife habitat
Wildlife abundance
Clean water
Public access to rivers and forest lands
Environmental stewardship
collaborative promotion of recreational opportunities
Ecological sustainability- wildlife / environment
Wildlife ecosystem protection
Great air quality
Affordable outdoor recreational opportunities
Access to nature
Natural resources
Health and recreation
Teton River
Preservation of nature
Conservation-minded, eco-friendly
Quality family recreation
I think regular exercise is important and I value a healthy population
Outdoor Recreation
Wildlife
Access to Public Lands
Property Rights
Bike Paths
Non-motorized Recreation
Motorized Recreation
Protection of Wildlife Habitat
Better access to public lands
Mixed-use recreation options
Good, fishable rivers
Clean environment
Recreation
Outdoor Recreation
Biking loops to encourage outdoor recreation
Environmental quality - air water
Different seasonal recreation - camping, hiking, horseback riding, skiing, hunting, fishing
Healthy Environment: recycling, alternative energy, clean air, water quality, teton river preserved, keep open spaces, repsect wildlife and future outdoor recreation
Natural flora and fauna more important in the long run than "business"

Sustain wildlife
Sustain and improve water quality
Encourage low impact living (small, energy efficient homes, etc.)
Wild nature, healthy ecosystems, clean air and water
Trails and pathways for safe bicycling, running, walking, hiking
Environmentally respectful
I realize the P&Z doesn't have jurisdiction regarding public lands and there access but it is a value that need protected from the "Forest Service," as they also continue to restrict and regulate
Rural atmosphere and sustaining what wildlife we have remaining.
nature
Access to Public Land
clean rivers and mountains
Endless opportunities for outdoor activities.
wildlife habitat
the environment
Clean pure drinking water
environment which includes views, clean & safe water, air and ground
surrounding wild lands
Access to mountains
Access to Grand Targhee Resort, GTNP, and other outdoor recreation (bicycling, cross-country skiing, hiking, etc.)
Being able to hike out of my back door.
I value access to paved and dirt trails year round.
Recreation Opportunities year-round
natural space so close to our homes
Surroundings Natural Resources/Conservation
Snow
Clean water and air.
Extensive Backcountry Skiing Opportunities
wildlife
The quality and quantity of snow for downhill skiing
climate - snow, cool summers
access to public lands
mountains
public access
pretection of animals especially from being hit by cars!
Habitat and ecology
Access to clean air & water
access to national forest and national parks
Maintaining trails.
I value our environment; the beauty of the mountains, the accessibility of opportunities for outdoor recreation.
The proximity of great outdoor activities: skiing, fishing, hiking, biking, rafting, etc.
recreation
wilderness
Single Track Mountain Bike Trails
The summer weather
recreation values: bike paths, hiking trails, skiing
Recreational access

Chance to enjoy walks in the outdoors.
Maintain wildlife corridors
wildlife
Wildlife
ease of access to mountains
lift access skiing/snowboarding so close
The trail system is extensive and well maintained, given the population.
adventure opportunities
Teton River and tributaries
public lands -- access to natural areas
Clean air
Recreational opportunities.
Lack of air, land, or water pollution
Trails, Pathways & Mountain Biking Development
recreation opportunities
The quality of the skiing. On mountain and backcountry.
Healthy, clean water & air
teton river
Access to Forrest Service lands for recreational purposes
great backcountry skiing
protected wildlife habitat
The quality of the biking/hiking trail systems
trails/recreation areas/pathways!
The hiking
Trail and Pathways Maintenance Consciousness
healthy streams
I value close access to Grand Targhee ski area.
BLM
The biking
Wildlife we share our homes with
Variety of wild life, birds, and wild flowers
I value the bike trails (and wish there were more) and the hiking trails.
I value close proximity to outdoor activities.
The horseback riding
skiing
Environmental Effort Education and improvement --- ya don't have to be an overboard environmentalist to incorporate environmentally concous efforts into your everyday life.
wildlife, birds mammals etc
I value our proximity to designated Wilderness areas.
The quality of the native cutthroat fishing.
The fishing
clean water and air
Easily accessible Wilderness
Wildlife
winter and summer recreation
Grand Targhee!
Beetle kill hasn't completely devastated the valley.

The proximity to GTNP and YNP
public use of hiking, mountain bike, and nordic skiing trails
Improve water quality
Clean air, undammed free-flowing water, and dark night-time skies
Compatibilty with wildlife habitat
Making land owners be responsible for noxious weeds- lower the reproduction and spread
Scenic beauty of area/wildlife
I value outdoor, non-motorized recreation and especially bicycling
I value the groomed cross country ski trails
Easy access to backcountry
Wildlife viewing/hunting
Clean water
Good skiing terrain and access
Good family access to recreation
Public access to public lands
Access to the backcountry activities
Trail access for bikes, hiking, horses
Wildlife viewing along Teton River
Restrict big game hunting along Teton River
Create wildlife corridors along riparian habitat
Restrict development along these corridors
Healthy water ways
The forests
The mountains
The wild flowers
The wildlife
Sustainability
Protection of natural resources
Better transportation
Affordable transportation
Paved roads
No scheduled air service but great FBO
Having amenities close by -walk/bikable distances
Safe, easy travel
Ease of entry and exit from valley
Mode of transport options i.e. car, bike or walk or alternative fuel options
Well developed multi mode transportation system
Easy to get to community and move around without a car
Being able to use mass transit
Connectivity of different transportation modes- walk to, bike to, bus to, train etc.
Well maintained pedestrian infrastructure
Options and Choice
Alternative trasportation modes
Transportation system to minimize vehicle traffic
Trails
Safe places for my children to ride bikes and walk
Road Maintenance

Public Services and Utilities
Alternative Transportation
Safe Routes to School
Better roads
Pathways
Better public infrastructure
Public transportation
Proximity to Jackson
Bike paths
Fix the existing roads, adequate monies are appropriated evidence says "there wasted"
bike trails everywhere
Lack of traffic and congestion
People complain about the snow plowing or road maintenance, but given our gnarly winter, I never missed a day of work.
Light Traffic
I value the Start Bus and would love to see more public transportation opportunities.
walkable/pedestrian friendly communities (e.g., bike paths & lanes, sidewalks, cross walks)
multi bike paths
Maintain infrastruture
I value the pathways systems of our valley.
Ease of access to centrum via non-motorized transportation and walking
Well-maintained infrastructure for private and public motorized transportation
Good schools/roads/self-sustaining
Good bike trails
Trails & pathways- ability to have them kept up
